**REAL IT PEOPLE.
REAL IT SOLUTIONS.
REAL IT PARTNERS.**

WHY HILLTOP?

- We're fast, we're local, we're same day, we're on-site, and we're 24/7 (we really are all these things).
- We are a professional company that you can count on.
- We're all about relationships – every client is our most important client.
- We speak to you in plain English. We simplify where others over-complicate.
- We design and implement solutions that help your bottom line.
- We do smart, not pretty (well, we do pretty sometimes).
- We work with intensity and urgency.
- We have balance (geeks and non-geeks), and we're still small enough to have that personal touch.
- We're always in touch with the latest technology.
- We REALLY have predictable billing where competitors only claim to. For Hilltop flat-rate is FLAT-RATE.
- We offer more than just your average MSP or IT support.
